

## Declaration

I declare that the group Quintetto Denner conducted by Maestro Giancarlo Buratti has performed a concert on 24 February 2005 at the Music Workshop Hall in the Music Conservatoire of Sydney. The repertoire was a blend of jazz and contemporary music. The concert, arranged by this Institute of Culture, has largely met with the audience's approval and the favour of the critics. About 250 people were present to the concert.

Afterwards, the Quintetto Denner has performed at the Gold Coast Jazz Festival, with four concerts on 26 and 27 February 2005 that have also met a great favour.
